

**We know that God makes all things work together
for the good of those who love Him and are
chosen to be a part of His plan.**

Romans 8:28 NLV

transforming lives

DO THE RIGHT THING

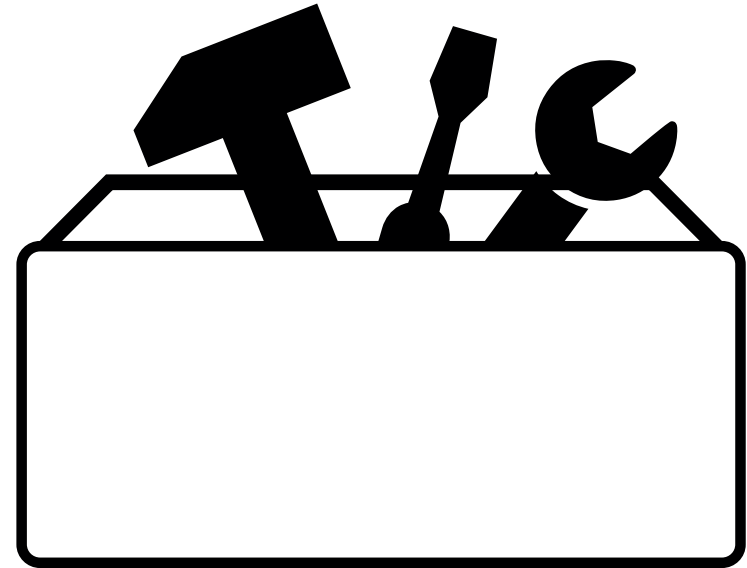

Open your Bible and read Genesis 29:7-23. Here we see Joseph facing temptation.

Potiphar trusted Joseph so much that he put his whole household under Joseph's command. Even though it could have been tempting for Joseph to take advantage of his position Joseph wanted to honour his master and honour God. So Joseph ran away from temptation.

Running from temptation is hard, especially when people around you are doing things that you know are wrong.

Think about situations that you have found difficult, and make a list of the things that tempt you.

What tools can you use to run from temptation? Write these inside the toolbox.

Talk with someone in your family about the tools you could use to help you run away from temptation.

Prayer

Thank you God that even when it is hard for me to say 'no' to things that tempt me, that you still love me. Whenever I want to do something I know is wrong, please help me to remember to look to you, ask for your help and run away from temptation.

In Jesus name, Amen.
